Rebalancing of your account

As investment performance varies over time, to ensure your account does not move out of line with your chosen option, your account will be automatically rebalanced each quarter. The Trustee will automatically make any necessary transfers between the underlying investments to ensure your account does not move out of line with your chosen option.

If you do not want this automatic rebalancing to occur, please contact Member Services.

Rebalancing is not available if your account balance and future contributions are invested differently.

**INVESTMENT
EFFECTIVE DATE**

Your investment election will be effective on the date we receive your valid investment switch form. You can't withdraw a change of investment once submitted; you'll need to submit a new form which will become effective on the date we receive it.

However, if Active Super receives multiple online investment switches on the same day, they are processed immediately in real time. You can do this on Member Online – it's quick and easy to register.
