ADDITIONAL EXPLANATION OF FEES AND COSTS

The following are the various fees and costs that may be charged to your account.

Administration fees and costs

We charge a fee of 0.35% p.a. that is paid from Active Super's assets prior to unit prices being calculated.

The percentage-based administration fee is charged through the unit prices and redeemed on a monthly basis. The balance is then paid to the Active Super Trustee. Any excess funds within the Trustee bank account are transferred to the Administration Reserve. The Administration Reserve is utilised to fund strategic projects within Active Super to drive better outcomes for members.

² Please refer to the *Financial planning fee (advice fee)* section on page 5 and the *Additional explanation of fees and costs* section on page 3 for more information.

Transaction costs

Transaction costs include explicit transaction costs such as brokerage, settlement costs or stamp duty, as well as buy sell spreads charged by our investment managers or in underlying investment vehicles. Currently Active Super does not apply a buy-sell spread for any of these transactions but, buy-sell spreads are charged by certain investment funds that Active Super invests with.

Transaction costs in respect of all investment options are an estimate based on the explicit transaction costs incurred by the Fund and underlying investment vehicles during the year ended 30 June.. These estimates are based on information provided by our investment managers and custodian and reflect actual amounts for the year ended 30 June 2022 where available and some estimated components.

Investment fees and costs

Investment fees are those fees that relate to the investment of the assets of Active Super. These fees are incurred by the Trustee for the exercise of care and expertise in the investment of those assets and may include management fees, indirect costs, operational costs, performance fees and custody fees.

Investment fees are paid from Active Super's assets prior to unit prices being calculated.

The fees and costs for each investment option are shown below.

Personal Account and Other Contributions account

INVESTMENT OPTION	INVESTMENT FEES AND COSTS		ADMINISTRATION FEES AND COSTS		TRANSACTION COSTS
Defined Benefit	0.64%	+	0.35%	+	0.08%

Deferred Benefit (including Other Contributions account)

INVESTMENT OPTION	INVESTMENT FEES AND COSTS		ADMINISTRATION FEES AND COSTS		TRANSACTION COSTS
Defined Benefit	0.64%	+	0.35%	+	0.08%

The fees shown above are provided as indicative costs only and include reasonable estimates and are subject to change.

Performance fees

The Trustee has entered into performance fee agreements with certain investment managers, which are closely monitored.

Performance fees are payable when investment returns exceed an investment manager's benchmark and form part of the investment fee. Generally, these fees are calculated as a percentage of the investment returns that exceed an agreed level of

return. If the investment returns are below each manager's benchmark, no performance fee is payable until the underperformance has been made up.

Performance fees are included as part of the Investment fees and costs. Performance fees are averaged over the five financial years to 30 June.

The Performance fee for the Defined Benefit Strategy investment option is 0.18% p.a and is included as part of Investment Fees and Costs.

Buy-sell spread

A buy-sell spread is the costs associated with investing in, switching between or withdrawing from the investment options.

All costs associated with any of these transactions (including brokerage and commission) are taken into account at the time of valuation for the investment option. Currently Active Super does not apply a buy-sell spread for any of these transactions but, buy-sell spreads are charged by certain investment funds that Active Super invests with.

Payments to authorised representatives

Authorised representatives of Active Super receive remuneration by means of salary only. No commission is paid by Active Super or its members. You will only be charged an advice fee if you agree to receive personal financial advice from one of our financial planners and the fees will be discussed and agreed with you before providing you with the advice.

Taxation rebate

Active Super receives a tax deduction on fees and costs which is passed back to members in the form of reduced contributions tax. For more information on taxation, please read the *Taxation* section of the Defined Benefit Scheme PDS.

Charges paid to investment managers

Investment management fees and other charges may be paid by the Trustee from the Fund's assets.

All investment management fees and charges are deducted from the gross investment returns prior to the net investment return for the Defined Benefit Strategy being declared.

Changes to fees and costs

Active Super operates on a profit-to-members basis. The Trustee can change the fees charged without your consent, but we will provide you with at least 30 days' notice, as required by law, if there is a material increase in the fees we charge you.
